TECHNOLOGY VERTICAL

Cubixmet Tech

Build. Deploy. Scale.

End-to-end software solutions from product engineering to technical consulting. We build technology that scales with your ambition.

01 WEB & APPLICATION DEVELOPMENT

02 PRODUCT ENGINEERING

03 CLOUD & DEVOPS

04 AI & AUTOMATION

WEB DEVELOPMENT / ENGINEERING EXCELLENCE

Clean architecture. Automated testing. Production-ready deployment pipelines. Reliable delivery built for scalability and performance.

WHAT WE BUILD

Technology services

Engineered for performance, scalability, and growth.

01 / 08

Web & Application Development

Full-stack web apps, SPAs, and progressive web applications built with React, Next.js, and modern frameworks. We build scalable, performant applications.

02 / 08

Product Engineering

End-to-end product lifecycle management from ideation and prototyping to deployment, monitoring, and iteration.

03 / 08

Custom Software Solutions

Tailored enterprise-grade software engineered for your unique business processes, integrations, and workflows.

04 / 08

Technical Consulting

Architecture reviews, technology stack assessments, cloud migration planning, and digital transformation advisory.

WHAT WE BUILD

Technology services

Engineered for performance, scalability, and growth.

05 / 08

Cloud & DevOps

CI/CD pipelines, containerization, Kubernetes orchestration, and cloud infrastructure management on AWS, GCP, and Azure.

06 / 08

API & Backend Development

RESTful and GraphQL API design, microservices architecture, and robust backend systems for high-traffic applications.

07 / 08

Security & Compliance

Application security audits, penetration testing, GDPR compliance, and secure development lifecycle implementation.

08 / 08

AI & Automation

Machine learning integrations, intelligent automation workflows, and AI-powered features for modern applications.

THE TECH TEAM

People behind the Tech

Engineers, architects, and problem-solvers dedicated to building your next big thing.

FA

Fadhil

Founder & Chief Executive Officer (CEO)

Visionary leader driving company growth and strategic IT initiatives excellently.

IJ

Ijas

Founder & Chief Operating Officer (COO)

Exceptional operational strategist executing company plans with flawless precision.

AA

Amnas Ali

Developer

Highly skilled developer engineering high-performance, flawless technical solutions.

MS

Muhammed Salman

Developer

Expert full-stack developer building robust, innovative applications effortlessly.
